

# Key Stage 3 Revision Guides for Year 8 Students

We have been asked by parents and students to recommend materials to support the revision of Key Stage 3 English, Mathematics and Science. Mathematics and Science provide textbooks during Key Stage 3 sessions but in addition to these many students find it helpful to have a revision booklet or guide.

## **Mathematics**

The Mathematics Department can provide a booklet of practise past papers at the appropriate level. There is a charge of £2.00 which is refundable if the papers are not marked in pen and the booklet is reusable. In addition, all students will be issued with an individual log in to the Mymaths website and given guidance on how the website can be used to help target their individual revision needs.

## **Science**

The Science Department has a supply of revision guides that are specifically designed to aid revision of Key Stage 3. The cost is £2.00 for the book: "Key Stage 3 Science, The Revision Guide" published by Coordination Group Publications. Students should purchase the revision guides via their Science Teacher or from Prep Room 1.

## **English**

Students will prepare for three assessments in May: Reading paper, Writing paper and Shakespeare paper. We do not recommend any particular revision guide for the Reading and Writing papers as guidance will be given in class, but we do advise that students acquire their own copy of 'The Merchant of Venice' which is the play set for the Shakespeare assessment. A basic copy can be ordered from the school library for £2.50. Students will begin study of the play after Half Term

If you would like to purchase any of these materials please print, complete and return the appropriate slip with the monies requested to the appropriate member of staff in each Department by Friday 4 March (please make cheques payable to Thomas Telford School).
